

LCDHD DATA ANALYSIS COMMITTEE MEETING

**LCDHD DATA ANALYSIS COMMITTEE
MEETING MINUTES
November 30, 2016**

TOPICS	CONCLUSIONS/RECOMMENDATIONS	ACTIONS/FOLLOW-UP
Welcome/Introductions	<p>Senior Regional Epidemiologist, Amanda England, called the meeting to order at 10:02 AM ET</p> <p>Review of previous meeting's minutes.</p>	
OLD BUSINESS	CONCLUSIONS/RECOMMENDATIONS	ACTIONS/FOLLOW-UP
Data Analysis	<p>Amanda presented infectious disease and cancer rates from 2010-present to the group and possible strategies were discussed. Amanda will create a presentation for Dr. Weyman to give to executive staff in December 2016.</p>	<p>Amanda/Dr. Weyman will create and offer a presentation on data analysis committee findings to executive staff.</p> <p>Executive staff members will be asked to brainstorm and identify strategies/activities that their programs/staff can do to assist in addressing target areas.</p>

LCDHD DATA ANALYSIS COMMITTEE MEETING

<p>Cancer Rates (2013)</p>	<p>Breast cancer, lung cancer and melanoma rates were identified as having higher than average rates within the district (as compared to the state and nation).</p> <p>Dr. Weyman and Tracy presented mammogram screening data to the group.</p>	<p>Dr. Weyman will present the cancer data to executive staff in December.</p>
<p>Infectious Disease</p>	<p>Campylobacteriosis, Salmonellosis, Hepatitis B were identified as having higher than average rates within the district (as compared to the state and nation).</p> <p>High within the district (potential target counties) Campy/Salmonella – Adair, Clinton, Cumberland Hep B/C – McCreary, Wayne</p>	<p>Dr. Weyman will present the infectious disease data to executive staff in December.</p>
<p>Environmental data available</p>	<p>Stuart checked with the state and it is not possible to track animal bite numbers within the district.</p>	<p>Stuart will start planning for environmental strategies to address the high campy/salmonella rates in identified counties.</p>
<p>Format of Data Analysis Report</p>	<p>It is anticipated that Live Stories will eventually combine the Health Report Card and the Community Health Assessment and will include more data analysis.</p> <p>Update the health report card to include trend data (infectious disease and cancer rates) by December 2016</p>	<p>Amanda will continue working on updating the Health Report Card.</p>
