**PULASKI COUNTY OFFERS DRIVE-THROUGH TESTING SITE FOR COVID-19  
Free testing option planned for Friday, July 17th**

**Somerset, KY** – A free COVID-19 drive-through testing site will be available on Friday, July 17, 2020 provided by various Pulaski County and Somerset healthcare and emergency response agencies.

Testing will be held from 9:00 a.m. - 1:00 p.m. in the Pulaski County High School parking lot, 511 University Drive. Four hundred (400) tests will be available to be performed on Friday and cars will be asked to enter from University Drive and will exit onto Hwy 39.

Testing for COVID-19 can lead to quick identification of cases and immediate isolation of those individuals to prevent spread of the disease.

Anyone interested in being tested simply needs to show up between 9:00 and 1:00 on July 17<sup>th</sup>. No appointments are needed and there are no eligibility requirements to be met.

When an individual arrives to be tested, they will remain in their vehicle for the duration of the test. A verbal registration, as well as the COVID-19 test (nasal swab), will be administered through the window of the vehicle. No pre-registration is required.

Test results are expected within approximately 48-72 hours. Lake Cumberland District Health Department will follow up with a phone call to provide the individual their results, either or positive or negative.

For questions or more information, contact the Lake Cumberland District Health Department at 606-678-4761.
