An invocation was given by Judge Steve Kelley.
 After confirming a quorum was present, the meeting was called to order by Chair, Judge Steve Kelley.

Topic	Discussion	Follow-up
Legal Authority		
Approval of Minutes	Dr. Miles motioned to approve the prior minutes. Dr. Lee seconded the motion. The board voted unanimously to approve the prior minutes. Motion carried.	None
Ratify district office lease	Judge Kelley, chair of the District Board and Amy Tomlinson, Executive Director signed a new lease for the building which houses the District Office. The new lease will run from March 1, 2022 to February 28, 2042. Jake	None

	<p>Staton motioned to ratify the agreement. Dr. Phillips seconded. The board voted unanimously to ratify the lease. The motion carried.</p>	
<p>Old Business</p>	<p>Judge Kelley asked if there was anything for which the administration had failed to adequately follow-up on since the last meeting. Nothing was noted.</p>	<p>None.</p>
<p>Public Health Transformation</p>	<p>Ms. Tomlinson presented information explaining Public Health Transformation (PHT) and what it means for LCDHD. Public Health Transformation funding was approved by the state legislature this Spring and now funds the PHT mandate that was already established in a previous legislative session. PHT funds are intended to be utilized for foundational public health services. (This information is detailed in the Board packet attached to the minutes). Second tier services are core public health which are not required by law, but are STRONGLY encouraged for public health to offer. These are identified as WIC, HANDS, and Harm Reduction & SUD services.</p> <p>Local Public Health Priorities are services provided by the agency based off of data driven needs, using evidence-based practices, the agency has adequate funding, shows performance and quality management plans, and has a strategy to determine when the programs are no longer needed. A needs assessment is required to determine Local Public Health Priorities. The Local Public Health Priorities are listed in Board packet with cost centers. Local tax dollars support local public health priorities.</p> <p>Public Health Transformation funding requires that we contribute 1.8 cents of local tax dollars into foundational public health programs first, BEFORE we are eligible to utilize the PHT funds.</p> <p>Ms. Tomlinson is hoping to create a “Local Board” page on our LCDHD website with</p>	

	exclusive content for ease of communicating important information to the Board.	
Resource Stewardship		
Financial Updates/Directors Comments	<p>Ms. Tomlinson presented FY 22 LCDHD Milestones since she just completed her first year as Executive Director. She then detailed priorities she has targeted for FY23. During FY22, she and the Executive Staff have been working to improve the hiring rate and retention rate of current staff. She discussed changes she would like to implement in personnel grade modifications and also increasing the bottom tier of starting salaries to move closer to the state paid minimum wages based on education and experience requirements. This will allow us to compete more favorably for future recruiting and retain staff who are leaving for better pay. Jake Staton made a motion to approve the salary and grade changes. Dr. McKinley seconded the motion. The board voted unanimously to approve salary and grade changes. The motion carried.</p> <p>Ron Cimala, Director of Administrative Services requested that the Board consider two specific requirements from our bank. The first details personnel designated as check signers and removes some retired personnel and adds new signers. [REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p>	<p>Amy Tomlinson</p> <p>None</p>

Info Redacted for privacy/security

A motion to approve the listing of signers and remove retired signers was made by Gayle Phillips. Dr. Drake seconded the motion. The Board voted unanimously to approve the listing. The motion carried.

2nd Motion

I am giving Amy Tomlinson, Executive Director and Ronald Cimala, Director of Administrative Services, the authority to add and remove signers on behalf of the Lake Cumberland District Health Department for all accounts mentioned above.

The Board requested that Ron notify the Board if signers are added and/or removed. In an emergency, the Chair of the District Board would be notified and would give approval with later ratification by the Board in the next regularly scheduled Board meeting.

The move to approve the authority of Amy Tomlinson and Ron Cimala to add/remove signers with the stipulation to notify the board or in an emergency situation to notify the

	<p>The LCDHD balance sheet for the period shows \$12,513,657.82 in assets with \$109,325.20 of that owed in current liabilities. The total of LCDHD's assets is equal to 7 months of this year's average expenses. LCDHD had \$14,864,595.85 in Year-To-Date revenues and \$14,786,133.25 in Year-To-Date expenditures resulting in a \$78,462.60 Year-To-Date surplus.</p> <p>Our annual revenues and expenses are less than budgeted mainly due to the state encouraging us to over-budget our Covid-19 revenues and expenses for this fiscal year so we could ensure we were allotted the funds we needed for COVID -19 in case our costs were extremely high. While we have pulled down a huge portion of these COVID funds we are still well off the pace compared to budget. Also, we still haven't received our second half of the year local tax dollars.</p> <p>Finally, this note, DPH is seven quarters behind on billing us for their Medicaid Match payments. The Medicaid Match amount due back to DPH each quarter is dependent on the amount of Medicaid money we receive for the previous quarter, but as DPH has delayed billing us for the last three quarters, we estimate approximately \$350,000 is now due back to the state out of the Medicaid Revenue we've collected for services. We plan on ending the year at a \$1,150,000 surplus.</p>	
Grants Report	Carol Huckelby, Human Resources Manager, gave the quarterly grant report. Jamie Lee, Nurse Administrator, provided a written final Heart 4 Change report as the grant is ending 6/30/22. The report is given in the Board packet attached to the minutes.	None
Continuous Improvement		
Suggestions	The board was reminded by Ms. Tomlinson they can make suggestions via email or to type into the chat box during the live Zoom meeting to be followed-up by the	The administration will follow on board suggestions.

	administration. None were presented during the meeting.	
PHAB Reaccreditation Process	LCDHD has been awarded PHAB Accreditation. It is now time for reaccreditation. We have been working on reaccreditation for quite some time and it is nearing completion.	None
New Employee Orientation	Carol Huckelby shared that HR has been continuing to use the new employee orientation. Will remove from agenda as it will be used going forward.	None
Patient Satisfaction Survey	Angie Simpson, Administrative Services Manager presented a QI project for improving the response rate of Patient satisfaction Surveys. We hope that the feedback will allow us to improve services as needed. We have created a QR code. Patients will have an option for a paper survey. We plan to place tablets in all 10 counties at the check in window for patient to utilize to complete the survey at the end of their appointments.	None
WIC	<p>Laura Woodrum, Director of Nursing, provided an update on WIC. Currently, we are allowed to provide WIC services over the phone. We have implemented a WIC project to improve our WIC numbers and start to move services back to in-person. We are targeting McCreary and Casey Counties.</p> <p>Dr. Miles asked about the current formula shortage. The WIC program has allowed for substitutions. We are hoping the shortage will improve soon.</p>	None
Policy Development		
Preparedness Plan Revisions	Some preparedness plans were retired and started on some new plans. Chair Kelley has signed off on some on behalf of the Board. Plans are very detailed and difficult to share with the Board. We anticipate using the special website page for the Board in providing these materials in the future.	
Policy Update	<p>Policies were emailed to the Board prior to the meeting. The new policies involve:</p> <p>TB policy</p> <p>Tuition Assistance – we changed from a requirement of 3 year of service to 5 years</p>	None

	<p>before an employee will be allowed tuition assistance. Three 3 credit hours will be reimbursed per semester. Reimbursement was changed to the rate at the community college. Employee Award was increased from \$25 to \$75</p> <p>Work Ready Kentucky has some programs that will pay 100% of tuition if students go into one of their approved programs. Nursing is one of them, some business programs, and IT programs.</p> <p>A motion to approve policy changes was made by Dr. Lee. The motion was seconded by Judge Greene. The Board voted unanimously to approve the policy changes. Motion carried.</p>	
Oversight		
Covid-19 Update	<p>Laura Woodrum, Director of Nursing, gave an update on the current level of Covid. We are staying in the “green” level for right now. We are seeing a few cluster outbreaks in congregate settings. We are continuing to monitor and assist as needed. We are urging boosters for those who are eligible.</p> <p>We currently have no cases of Monkey Pox in Kentucky.</p> <p>Dr. Weyman gave analysis of Covid deaths and vaccination rates. The summary was included in the Board packet. Total deaths were 628 for the time period Jan 21 to Feb 22. Of those deaths, 87% were unvaccinated or partially unvaccinated. We urge people to get vaccinated.</p>	None
Human Resources Report	<p>Since our last meeting, we had 7 staff come on duty and 14 go off duty. The report details are included in the attached Board packet. We have 4 positions open right now. In addition, we have three in-house (only) positions open. Natasha Bowmer has accepted the Assistant Director of Nursing position.</p>	None

Chair set the next meeting date for September 6th as an in-person meeting at Russell Springs at 7pm EST/6pm CST.

A motion was made by Judge Kelley to move to special session. Second by Jake Staton. At the conclusion of the special session Jake Staton moved to come out of the closed session. Dr. Mills seconded the motion. No business was conducted during the executive session. The Board voted unanimously to approve the closure. Motion carried.

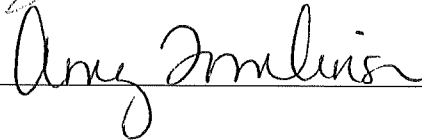

A motion was made by Dr. Richard Miles to adjourn the meeting. Jake Staton seconded the motion. The board voted unanimously to close the meeting. Motion carried and meeting was adjourned.

Judge Cowan seconded the motion. All approved. Motion carried.	None
Continuous Improvement		
Suggestions	The board was reminded they can make suggestions via email or to type into the chat box during the live Zoom meeting to be followed-up by the administration. None were presented during the meeting.	The administration will follow on board suggestions.
New Employee Orientation	Carol Huckelby shared that HR has been continuing to use the new employee orientation via zoom with all new employees coming to the District office for orientation. We are ready to move to the final phase which is doing orientation in the new employee's home county instead of the District Office.	None
Employee Harassment Training	Carol Huckelby shared that the program roll-out is suspended at this time due to COVID. She is working with other Health Department HR managers and they have been more severely impacted by Covid as they were smaller health departments. Once the other HD can resume normal HR duties, this work will resume.	None

Financial Position

The LCDHD balance sheet for the period shows \$10,615,489.19 in assets with \$91,552.09 of that owed in current liabilities. The total of LCDHD's assets is equal to 6 months of this year's average expenses. LCDHD had \$13,763,884.27 in Year-To-Date revenues and \$12,850,579.94 in Year-To-Date expenditures resulting in a \$913,304.33 Year-To-Date surplus.

Our annual expenses are less than budgeted right now since we didn't spend as much in staffing agency services dollar for dollar since we had planned to hire quite a few Hands employees but COVID-19 put that on pause. Also, our travel costs were way down due to COVID-19.

Finally, this note, DPH is five quarters behind on billing us for their Medicaid Match payments.

The Medicaid Match amount due back to DPH each quarter is dependent on the amount of Medicaid money we receive for the previous quarter, but as DPH has delayed billing us for the last five quarters, we estimate approximately \$375,000 is now due back to the state out of the Medicaid Revenue we've collected for services.

We plan on ending the year at a \$1,747,555 surplus.

Some of these additional allocation modifications are immediately offset by additional expenses. Some are modifications to cover existing expenses. And, some are partially offset by additional expenses and partially covering existing expenses. Some of the reductions are immediately offset by an addition in an equal amount. These are allocations Frankfort has just shifted around to correct tracking on their end, e.g. correcting a grant source identification number. Additionally each increased budget modification includes instruction on how the funds are to be accessed, and we may or may not be able to fully access all the funds

Dear Lake Cumberland District Board of Health Members,

The following pages are the summary of the 2021 – 2022 Annual Budget for the Lake Cumberland District Health Department to be presented during the scheduled District Board of Health Meeting on June 22nd at 6:00 CST/7:00 EST on a virtual platform.

Page 3 of the enclosed materials should provide the most helpful and concise information. Page 3 which is titled, “Lake Cumberland District Health Department, FY 2022 Budget Summary and Comparative Analysis to FY 2021” presents the budget in a “thumbnail format.” Each item in the column entitled, “Difference FY22 Budgeted to FY21 Projected,” has a simple explanation in the pages that immediately follow. The remaining materials provide detailed budget information and various supporting documents.

For FY 22, note our budgeted revenues are projected to increase by \$1,800,408 from our projected closing amount. Additionally, our budgeted expenses are projected to increase by \$1,946,345.

The following pages show a FY22 budgeted surplus of \$1,537,941. Factored into this surplus is all of the employees receiving a 5% annual increment. In the last five years beginning with fiscal year 17 we have received a 5%, 2.5%, 2.5%, 0% and 5% annual increment.

Please also note, the 2021 end-of-year projections included in this budget were based on April financial data and LCDHD may end somewhat higher or lower than projected as each program finishes up their planned activities for the fiscal year.

As always, I encourage you to remember that we are a non-profit organization and our annual budget is primarily driven by our allocation projections as provided by the state Department of Public Health.

A handwritten signature in blue ink, appearing to read 'Shawn D. Crabtree', is written over a light blue circular stamp.

Shawn D. Crabtree,
Executive Director

Budget Variance Explanations
Lake Cumberland District Health Department FY 2021-2022 Budget

Revenue:

State	\$	2,626,186	The main reason for the variance between budgeted and projected in state funds is that the Retirement Subsidy has almost doubled this year since the State promised to cover any additional House bill 8 retirement costs increase this year.
Core Public Health Block Grant	\$	-	No variance.
Federal	\$	(2,414,472)	We received a tremendous amount of covid funds in FY 2021. We only budgeted a small amount for FY 2022 for Covid since it appears to be on the decline.
Local	\$	119,979	Increase in tax contribution partially due to a slight increase in property values across the ten counties. Additionally, some taxing districts funded some special grants in their communities, and the local funds to cover those board approved grants are reflected here.
School Health Contract	\$	(51,000)	We discontinued our school program as of 06/30/20. There will be no more funds received in this category resulting in this variance. The amount to the left represents legacy funds we received this year but represented prior year billings.

Budget Variance Explanations
Lake Cumberland District Health Department FY 2021-2022 Budget

Program Contracts	\$	-	Don't expect to receive as much revenue from program contracts in cost center 727 Needle Exchange Program this upcoming budget year causing this variance.
Medicare	\$	-	We no longer do any medicare. Some miscellaneous immaterial amount of medicare revenue were received this fiscal year 2019-20 but we didn't budget any causing the variance.
Medicaid (School Health)	\$	(667)	Difference is immaterial.
Medicaid (Hands)	\$	1,017,338	Due to Covid we didn't have a chance to pull down all the Hands funding we normally can but plan to for FY 2022.
Medicaid (Clinic))	\$	193,365	Due to Covid we didn't get to focus a lot of our attention on clinic. As a result, services went way down so we plan on that going back up FY 2022.
Self-Pay	\$	(33,466)	We received more sewage and public facility dollars than we normally do for FY 21 and we plan on being more back to normal for FY 22.
Insurance	\$	362,659	We have no Go 365 Revenues hardly at all in FY 21 due to COVID. We plan on being back to full scale in FY 22
Other	\$	(19,517)	We received some funds in this fiscal year 2020-21 for some consulting work done by two of our executive staff members. We don't plan on receiving this again for the upcoming budget year 2021-22 causing this variance.
Interest	\$	3	Budgeted variance is expected interest for increased in funds in operating account accumulated as a result of budgeted surplus
Total Revenue Variance	\$	1,800,408

736	CHAT	Yes - Partnerships, coalitions, and collaborations are necessary for the success of any public health program. Both partnerships and coalitions fulfill different roles and are able to accomplish different activities for LCDHD. By engaging groups that are working toward a common goal, we develop effective strategies to address unmet health needs and eliminate health disparities across the LCDHD.	yes - LCDHD using CHAT as the catalyst for completing our community health assessment and create our community health improvement plans. As the community health improvement plans are created evidence based solutions are determined via CDC.	Most of this cost center will be covered by grant funds. Grant funds will be allocated by July 2022. The remaining expenses will be covered by local tax dollars. We have adequate local tax dollars to cover the need.	Yes	We currently don't have an exit strategy. Even if we don't obtain grant funds on an annual basis we currently plan to keep doing the program using local tax dollars to cover it since there is such a need for this in all 10 counties in our district with the continues rising numbers of teen pregnancy.
750	Accreditation	Maintaining voluntary accreditation through PHAB assures that we provide the essential services to our community and used data-driven approaches to meet community needs.	Yes, accreditation yields improvement in management processed, as wells as stimulating quality and performance improvement both internally and externally.	Yes. This will be covered by Local Tax Dollars.	Accreditation is what stimulates our performance tracking and quality improvement projects.	Yes, accreditation runs a 5 year cycle, if we can no longer meet the requirements or financial obligation we will not reapply the next cycle.
753	SRAE	Yes - The LCDHD CHA identified teen pregnancy as a local priority.	Making A Difference! Implementing evidence based education at the middle school is a strategy noted in the CHIPS. 800	Pediatric/Adolescent Services & Out/Follow	We do community health assessments each year and we also have a data analysis committee and there is a large number of people statistically in our 10 county district who report numerous communicable diseases and by KRS Statute we are required to follow up	Yes we follow all ACIP, CDC, and DPH guidelines for immunizations and well child exams	We receive some Medicaid and insurance reimbursed for these services. Unfortunately, our reimbursement doesn't cover our cost and are covered by local tax funding.	This program is not grant related but still required by KRS so we don't have a performance management so we respond as need based on the KRS and DPH guidelines.	We currently don't have an exit strategy since based on our analysis this continues to be a major need in our community and we have the tax dollars to cover it plus part of this cost center is required by statute.
802	Family Planning Services & Other Services/Activities	We do community health assessments each year and we also have a data analysis committee and there is a large number of people statistically in our 10 county district who report numerous communicable diseases and by KRS Statute we are required to follow up	We follow ACOG guidelines for pregnancy related health and Title X guidelines and recommendations	We receive insurance reimbursement for billable services, title X funding. Yes we follow all recommendation on disease case follow-ups by whatever the Department for Public Health recommends.	We received a little bit of medicaid and self-pay funds based on the adults coming in for other adult services other than communicable disease related. Unfortunately, most of our costs are related to communicable disease which are covered fully by local tax dollars as which we can fully cover at this time based on the needs of our population.	This program is not grant related but still required by KRS so we don't have a performance management so we respond as need based on the KRS and DPH guidelines. QI projects

New Employee Orientation –We have tested our processes and the next phase will be having new staff report to their home location and having their supervisor assist them with logging into their account to begin orientation.

Employee Harassment Training: This project has been on hold during COVID. We hope to resume this project before the end of the year.

HR Report:

HR was extremely busy last fiscal year. Since the last meeting we had six staff come on duty and 37 who have gone off duty. The majority of these were contact tracer staff hired through a contract with Crown Services.

We had two staff members retire (Stella Durrett and Leanne Eaton) since the last meeting. Three more staff are planning to retire July 31, 2021 (Shawn Crabtree, Wilda Morris, and Robyn Sneed).

We expect that HR will continue to be busy into the new fiscal year as we off-board 17 current Go Hire staff on June 25th and anticipate on-boarding 22 positions on June 28th.

Grant Report:

We have applied for and received no cost extensions –LCDHD was given an additional year to provide programs and spend previously awarded funding that wasn't spent last fiscal year due to COVID.

- Health Education to continue teen pregnancy prevention programs in the school setting.
- Diabetes to continue Heart 4 Change project.
- ROPA/JEP to continue jail education and case management.

We have applied for and received a \$25,000 Envirohealth Link grant to promote COVID-19 vaccines among hard- to-reach populations. We are working with a local marketing company to implement a marketing campaign on social media.

There is a SRAE grant that we are reviewing now. It would fund sexual risk avoidance education in the schools.

Policy:

LCDHD will support employees on reducing their risk of developing type 2 diabetes.

Procedures:

1. *Eligible staff may code one (1) hour per week to attend the Diabetes Prevention LIFE CHANGE Program. The program is a year-long program –weekly sessions for 16 weeks, bi-weekly sessions the remainder of the year. ~~then 16 Core sessions, followed by 6 monthly Post-Core sessions.~~
2. LCDHD Lifestyle Coaches know that in order to be successful in the LIFE CHANGE Program, the participant must be engaged and attend the sessions. Staff is required to sign a contract acknowledging attendance will be maintained for at least 75% of all sessions. ~~9 of the Core Sessions and at least 3 of the Post-Core sessions.~~ Attendance will be tracked by the Lifestyle Coach.
3. Staff is responsible for obtaining approval from supervisor prior to beginning program.

*Eligibility for the LIFE CHANGE Program is based on the CDC guidelines for this CDC Recognized Program. *Participant must meet ALL 4 of these requirements:*

- ~~All participants must be~~ Be at least 18 years old.
- Have a BMI of ~~24~~ 25 or above (~~22-23~~ or above if Asian American)).
- *Not have been previously diagnosed with type 1 or type 2 diabetes.*
- *Not be pregnant.*

A minimum of 35% of all participants in a yearlong cohort must be eligible for the lifestyle change program based on either a blood test indicating prediabetes or a history of GDM. The remainder (a maximum of 65% of participants) must be eligible based (*score 5 or above*) on the CDC Prediabetes Screening Test (<https://www.cdc.gov/prediabetes/risktest/index.html>) ~~or the American Diabetes Association (ADA) Type 2 Diabetes Risk Test.~~ 50% of the class must be made up of individuals who meet one of the following:

- ~~○ Fasting blood glucose of 100-125~~
- ~~○ 2 Hour post-prandial glucose of 140-199~~
- ~~○ A1C of 5.7-6.4~~
- ~~○ History of Gestational Diabetes may be self-reported.~~

~~(All lab results for eligibility must have been within the past 12 months.)~~

- ~~50% of the class may be made up of individuals who score 9-5 or greater on the CDC Prediabetes Risk Test.~~

Heart4Change

The Heart4Change grant ended 4/30/2022 after a 4-year project. The goal of the grant was to reduce cardiovascular risk factors by providing health education and activities at two churches – Centerpoint Church of the Nazarene (CCN) in Cumberland County and Dunnville Christian Church (DCC) in Casey County. The “4 cornerstones” of the grant were to improve the health of the congregation, develop relationships within the congregation, provide outreach opportunities for the churches, and a way for the churches to serve their communities.

Year One (May 2018 – April 2019) the project hit the ground running. Biometric screenings were completed, health Committees were established at each church, and community gardens were planted. Cooking Matters classes, Diabetes Classes, Freedom from Smoking Classes, CPR/First Aid classes, Shopping Tours, walking programs, and healthy eating programs were provided. A end of year one biometric screening concluded year one.

Year Two (May 2019 – April 2020) continued with members of the congregation being trained to lead programs for sustainability such as Gentle Yoga, Freedom from Smoking, Leslie Sansome Walk 15, and CRP/First Aid. The other programs continued as well and then when it was time to have the end of year biometric screening the COVID-19 virus reared its ugly head.

The grant activities ground to a halt as COVID-19 took the world by storm. Health Department staff were totally immersed in case investigations and the grant was put on the back burner. The two churches found themselves trying to meet the needs of their congregations by stopping in-person gatherings, then trying to do church services virtually. After we realized that COVID-19 was not going away, we began offering programs (Diabetes classes, Freedom from Smoking Classes, Gentle Yoga, and health committee meetings) but participation was limited. Because of the drastic effect that COVID-19 had on the grant, we were granted an extension for the project for another year (using the funds that were not used Year 3).

We had hopes for this No-Cost Extension year and decided we were going to have to start from scratch having lost the momentum we had in Year 1. We did biometric screenings again and started offering programs. But, COVID-19 wasn't finished creating havoc and ramped up again. We scrambled back into case investigations for several months until finally we were able to try yet again on the grant. The other problem the grant faced was the social impact that COVID had on the churches. The members of the congregation had changed over the course of the 3+ years. The churches were struggling with attendance and were working to try to reconnect with members.

Nonetheless, the Heart4Change Project was able to show:

- 245 individuals set a health goal, 53 achieved a health goal.

- 326 unique individuals received a biometric screening (blood pressure, weight, waist, BMI, Cholesterol(total, LDL, HDL) triglycerides, A1c, glucose) and were counseled on results.
- 424 individuals participated in at least one offered intervention.
- 87 people were trained in CPR/First Aid
- 20 laypersons were trained to lead a program
- 3 staff members were trained to lead an additional program.
- 66 outreach programs have been implemented.
- Over 100 people were served through community gardens.
- Cooking Matters program was videoed by a videographer for virtual use.
- Numerous health programs were modified to be used in a virtual format.
- Each church implemented a health-related policy.
- Participants with systolic blood pressure greater than 140 decreased from 4% at baseline - to 2% at the end of year 1 to 1% at end of the no-cost extension year
- 30 people participated in Freedom from Smoking and 9 became tobacco free.
- 257 had BMI's above normal and 14.4% had a reduced BMI at later screenings.
- A Heart4Change Toolkit was developed and is housed on the LCDHD website to be used by other churches. The toolkit includes activities, newsletter samples, and power-points. There are short, health-related videos that can be shown to improve health literacy.

We would like to try the project again down the road with some modifications if the opportunity arises.
